

OUR CHILDREN NEED YOU!

The Mashpee Wampanoag Tribe ICWA Dept. is looking for Tribal Members who are interested in becoming a foster parent. We are in desperate need of individuals to step forward and give our children the hope and love they all deserve. You can be those children's voice. Please contact Catherine Hendricks ICWA Director.

If you have it in
your heart and in
your home..

If you believe in
installing culture
and traditions..

If you have the
time and love..

If you are Native
American..

Than please ask
how to become a
foster parent!
